Sir:

**NOTIFICATION OF LOSS OF ENTITLEMENT
TO SMALL ENTITY STATUS PURSUANT TO 37 C.F.R. §1.27(G)(2)**

The undersigned registered attorney of record in this case has already filed on November 4, 2004 a Notification of Loss of the Applicant's Entitlement to Small Entity status hereafter (i.e., starting with the payment of the issue fee). Apparently because the November 4, 2004 letter did not explicitly refer to 37 C.R.F. §1.27(g), it was not "accepted" because the undersigned has now received a "Response to Request for Corrected Filing Receipt" dated 11/15/2004 which appears to be a response to the paper that was filed November 4, 2004. To be clear, the paper filed November 4, 2004 is not requesting a corrected filing receipt. A copy of the earlier filing receipt that was issued (at a time when the applicant did qualify as "small entity") was simply attached so as to evidence the fact that the US Patent Office files currently carry a designation of the applicant as being entitled to a "small entity" status. As the paper already filed

November 4, 2004 makes clear, the only thing that the undersigned is requesting is that the records now be updated to reflect the fact that the applicant is no longer entitled to small entity status. This change in status occurred on or about 19 July 2004.

If there is any additional act required on the part of the applicant to give appropriate notice to the USPTO of this change in status to "large entity", it is respectfully requested that the undersigned be telephoned or that some further responsive communication be made other than a form letter with a check box so as to explain exactly in this particular circumstance what additional effort might be required.

Respectfully submitted,

NIXON & VANDERHYE P.C.
